

NATURAL PRODUCTS AND BIOPROSPECTING

(应用天然产物)

CONTENTS

Volume 16 Number 3 2026

ORIGINAL ARTICLE

- 31 Combined treatment with naringin and osthole ameliorates colitis through microbiota–amino acid metabolism and the JNK pathway**

M. Chen · Z. Lu · T. Zhang · G. Li · Q. Zheng · T. Zhang

REVIEWS

- 32 Pyrimidine-containing natural products: occurrences and biological activities**

J.-N. Yao · Y. Zhu · H.-P. Chen · Y. Chen

- 33 Advanced delivery of natural bioactive compounds for atopic dermatitis: a review of polymeric conjugates and nanocarriers**

J. Vyas · N. Raythatha · P. Vyas · S. Singh · B.G. Prajapati

ORIGINAL ARTICLE

- 34 Targeting Hsp70 triggers ferroptosis: a novel anti-cancer mechanism of a marine natural product in prostate cancer**

Q. Liu · M. Cong · C. Gao · Y. Liu · J. Wang · X. Wang

CORRESPONDENCE

- 35 Revitalizing actinobacteria research: an urgent response to the antimicrobial resistance crisis**

S.P. Cibulski · V.d. Rodrigues-Junior

ORIGINAL ARTICLE

- 36 De novo synthesis of plant polyketide plumbagin in yeast: a platform for sustainable production of naphthoquinones**

A.P. Vasav · V.T. Barvkar

REVIEW

- 37 Nature meets machine: the AI renaissance in natural product drug discovery**

R. Muthuraj · J. Chandrasekaran

ORIGINAL ARTICLES

- 38 Nematode-trapping fungus *Arthrobotrys oligospora* is hungry for iron-chelating agent COQ7 of nematodes**

Q. Wu · J. Zhou · D. Wang · S. Xue · L. Li · L. Wu · J. Yan · X. Niu

- 39 Three naphthomycin type polyketide compounds isolated from strain *Streptomyces* sp. HKIB0008**

Y. Chen · F. Zhang · Z.-K. Zhao · L.-F. Tang · Y.-X. Sun · M.-M. Tian · X.-T. Li · Q. Zhao · X.-J. Hao · M. Cao · D. Chen

- 40 Peniexpansones A–F: polyketides from *Penicillium expansum* DWS880 capable of enhancing the activity of fluconazole against *Candida albicans***

W.-Y. Lu · Q.-H. Xiao · A.-L. Liang · P.-J. Xu · J. Li · W.-X. Wang

REVIEW

41 Colloidal lignin particles for Pickering emulsion stabilization: multifunctional properties and prospects for cosmetic applications

G. Colucci · A.E. Rodrigues · M.F. Barreiro

ORIGINAL ARTICLES

42 Phenazinoates A-E, five pairs of phenazine conjugates from a mangrove soil-derived *Streptomyces* strain OUCMDZ-4923

D. Wang · P. Liu · Y. Gao · L. Chen · L. Wang · N. Li · W. Zhu

43 Calabanones A-H, chromanone derivatives from the stem bark of *Calophyllum calaba* and their cytotoxic activities against cancer cells

S. Kaennakam · F. Mulya · M. Ratanasak · K. Rassamee · P. Siripong · Y. Shigeta · P. Phuwapraisirisan · E.R. Sukandar

REVIEW

44 A critical review on the roles of natural products in shaping oral microbiota and preventing chronic diseases

Y. Kumar · B. Xu

ORIGINAL ARTICLE

45 Natural triterpenoid Ardisiacrispin B attenuates colitis-associated cancer via JAK2/STAT3 pathway and gut microbiota modulation

H. Ullah · H. Cui · Y. Li · B. Ye · W. Peng · Y. Ruan · W. Dai · C. Ma · X. Hu
